No animal life in the region around
the pole—not even a pole-cat; Peary
being the nearest approach to that in-
teresting animal ever visiting the
neighborhood.

It is doubtful if Bonney, the Mil-

Palafox Parkway and Garden Street Franchise.

The Journal has already published
the ordinance presented by the Pen-
sacola Electric Company granting that
company a franchise down Garden
street for a street car track to con-
nect via DeVilliers street with its bay
shore line.

The franchise is requested by the
company as what it deems a proper
consideration for the removal of its
tracks from the center to the sides
of the Palafox Street Parkway.

The ordinance as presented is, in
the Journal's judgment, a model of
brevity and concise provision and with
one exception it has, under the cir-
cumstances which produced it, the
Journal's endorsement. That excep-
tion has to do with the cost of paving
on Garden street.

The ordinance provides that "the
company shall not be required to pay
for paving on Garden street where its
tracks are not in the portions of the
street to be paved."

The Journal believes that this pro-
vision should be amended so that the
company will be required to pay for
its proportion of the paving on Gar-
den street no matter whether its
tracks there are in the paving or out
of it, and for the following reasons:

1. The street car company will
have the use of Garden street and,
having such use, it should bear its
proper share of the burden when the
cost of paving such street is appor-
tioned.

2. If the street car tracks were in
the paving instead of in the grass
plot adjoining the paving, the com-
pany would necessarily have to bear
its share of the cost when the street
is paved. It is an advantage to the
company, however, to have its tracks
out of the paving and it should there-
fore be willing to pay its share of this
cost when it has the added advantage
of having its tracks entirely outside
of the pavement traffic. In other
words, the company would prefer, we
take it, to pay its proportion of the
paving cost and have its tracks out
of the pavement rather than to pay
the same cost and have its tracks in
the pavement.

The Journal has always thought
that the Palafox Parkway proposition
and the Garden street franchise mat-
ter should each be considered on its
merits without attempting to couple
the two up together. It has always
thought that the people should have
this Parkway and that the street car
company should move its tracks in
accordance with the people's wishes
and interests regardless of what be-
came of the Garden street extension.
But as the street car company has
made one conditional on the other,
the case will of course have to be
treated in accordance therewith.

Under the circumstances, The Journal
believes that the ordinance, with
the exception noted, is probably as
good an adjustment of the whole
matter as can be made at this time
and we trust the franchise committee
and the street car company will have
no difficulty in getting together on it.

In the hurry of the moment and
through an oversight Saturday night
in referring to the fine showing of
receipts made by the Pensacola post
office we gave the period covered as
twenty years instead of eleven, that
is from 1899 to 1909, inclusive. The
showing is indeed an admirable one
and the truest kind of index to the
city's advance in population and busi-
ness. The gross receipts including
box rents in 1899 amounted to only
\$21,990.78, the net receipts having
been \$10,636.79; while the gross re-
ceipts in 1909 were \$66,403.61 and the
net receipts \$34,379.47. It is safe to
say that not many cities can boast of
having tripled their patronage of
Uncle Sam's great mail conveying
business in so brief a time.

LET YOUR STATIONERY AD- VERTISE THE TRI-COUNTY FAIR.

Lewis W. Zim, state senator from
St. Johns county, being the thirty-
first district, has announced his
candidacy for congress. He enters
the list against Congressman Frank
Clark in the second congressional
district and thus disappoints the
hopes of those who have claimed that
no one would oppose the latter. Mr.
Zim has won for himself a high repu-
tation on the east coast, in fact
throughout the entire state, by his
probity of character, his bright men-
tality and an exhibition of real states-
manship while in office. He has an
unusual number of warm personal
friends who will certainly work hard
for his success and he will lead Clark
a lively race with an excellent chance
to beat his rival to the goal.

The Pensacola Journal crows over
the announcement that Tampa shipped
five million feet of lumber in August
and declares that Pensacola shipped
4,740,000 feet one day last week. The
Journal must remember that Tampa
is just beginning as a lumber port,
and has never pretended to be one.
By the way, how many cigars has
Pensacola made this year?—Tampa

THE WRONG DIAGNOSIS.

Judge Reeves's Candidacy Reviewed By State Press

Mixes the Situation.

Judge Reeves's candidacy for the
United States senate somewhat mixes
the situation in West Florida.—Jack-
sonville Metropolis.

A Prominent Factor.

Judge Lucius J. Reeves of Pensa-
cola is a pronounced candidate for
United States senator, to succeed
Senator James P. Tallafiero. He
says: "I am an avowed candidate
for the United States senatorship. I
have had the matter under considera-
tion for several weeks, and my friends
have become so insistent that I have
decided to make my candidacy
known." Judge Reeves has been a
prominent factor in state politics for
several years, and has held the po-
sition of circuit judge, and before as-
cending the bench was a member of
the Florida legislature.—Ocala Ban-
ner.

Has Many Friends.

Judge L. J. Reeves of Pensacola
has announced himself a candidate for
United States senator. Judge Reeves
has many friends throughout the state
who will give him their support.—
Jasper News.

Hard to Beat.

Judge Lucius J. Reeves, of Pensa-
cola, will be a candidate for the
United States senatorship. Whoever
beats him will have a run for his
money.—Florida (Ala.) Democrat.

Wouldn't Object.

Judge L. J. Reeves, of Pensacola,
has formally announced his candidacy
for United States senator. Judge
Reeves is an able lawyer and he will
make it warm for the other competi-
tors for the office. The Sun would
not object to Judge Reeves as U. S.
senator.—Milligan Sun.

A Vigorous Campaign.

Lucius J. Reeves, of Pensacola, has
announced his candidacy for United
States senator from Florida. He was
born in Alabama in 1861 and was raised
in Walton county, Florida. He was
state senator for eight years and cir-
cuit judge for three years. He says
he will wage a vigorous campaign and
expects to win.—Miami News-Record.

The State Knows Him.

Judge L. J. Reeves, one of West
Florida's favorite sons, made formal
announcement last Saturday that he
would be in the race for U. S. senator
next year. Judge Reeves is well
known throughout the state and his
announcement will put many friends
to work in his behalf. He promises
to wage a progressive campaign, be-
ginning about January 1st.—Marianna
Times-Courier.

Formed High Opinion.

Judge Reeves, of Pensacola, has an-
nounced as a candidate for United
States senator, and will commence
an active campaign about January 1.
The judge is well and favorably
known in this county. He held a
term of Suwannee county circuit
court here several years ago when
Judge Palmer was absent, and he
quite a number of our people who
formed a very high opinion of him.
This is especially true of the Live
Oak bar among the members of which
there are a number who will be de-
lighted to support him. He is an hon-
est, true and able man, against whose
character—political or personal—not
one word can be truthfully said.—
Live Oak Democrat.

Race Will Be Warm.

Judge Lucius J. Reeves of Pensa-
cola has decided to enter the race for
United States senator. Judge Reeves
is well known throughout the state,
having held several positions of trust.
This makes five candidates so far and
the race will probably be a warm one.
—Bartow Courier-Informant.

Made an Impression.

Judge Lucius J. Reeves, of Pensa-
cola, made formal announcement last
Saturday of his candidacy for the
United States senate. He promises to
wage a vigorous campaign and ex-
pects to win. Judge Reeves held a
term of court in this county several
years ago and made a deep and last-
ing impression upon our people. We
are rather inclined to the opinion that
when the ballots are counted at the
close of the polls on primary day
next spring it will be found that Judge
Reeves will have received a large
number of the votes of Madison coun-
ty.—Madison Enterprise-Recorder.

They Were Just Waiting.

"I am an avowed candidate for the
United States senatorship," said Judge
Lucius J. Reeves in last Sunday's
Pensacola Journal.
This statement from Judge Reeves
has been awaited with abated breath
by his legion of friends and admirers
in Holmes county, and now that he
avows he will be a candidate before
the people next year to succeed Sena-
tor Tallafiero, his supporters in this
section will proceed to get busy and

no grass will be allowed to grow un-
der their feet in their efforts to se-
cure his nomination.—Bonifay Adver-
tiser.
